*The CS GT40<sup>®</sup> is a limited edition investment.*

On Sunday the 19th of June 1966, a trio of sleek Ford GT Mark II racers crossed a rain-soaked finish line at the La Sarthe circuit in Le Mans proving to the world that there would be no mistaking the thunderous roar of American Muscle. In first and second place were the Shelby American entries driven by McLaren / Amon car number 1046 and Miles/ Hulme car number 1015. The 3rd entry by Shelby was car number 1047 driven by Gurney / Grant which did not finish the race but qualified 1st and recorded the fastest lap during the race.

Now you can recapture all the prestige and excitement of American History in your new CS GT40 which is built to represent the original Le Mans, Shelby American Inc. entries. Your CS GT40 is built to exacting standards with over 80% of the parts being interchangeable with an original GT40 car. Only 85 of these Limited editions will be produced and they are built to accommodate a new aluminum Shelby 427 FE Motor.

*The GT40 was originally built for Ford with one purpose in mind. . . . "TO WIN AT LE MANS."*

*Carroll Shelby was invited to join the team as his expertise and experience was needed to help Ford put an end to Ferrari's winning dominance. Shelby's first GT40 race in Daytona resulted in a win. The GT40 also conquered the 24 hours of Le Mans in 1966 with its prestigious 1,2,3 finish, elevating Ford in international racing events and helping them to realize the world Sports car Championship and the World Prototype trophy.*

*Today this legend of Le Mans is once again available and what better time to re-introduce it than on Carroll Shelby's 85th Birthday.*
